

# The Course

## Type 3 All-Hazards Incident Management Team Command and General Staff

### Who

This course presentation is designed for Type 3 AHIMT Command and General Staff professionals whose teams may function for multiple operational periods on large or complex incidents.

### What

The AHIMT Course (0-305) is a comprehensive 6 unit 44 hour course.

- Unit 0** Introduction and Overview
- Unit 1** Introduction to the IMT Training Foundation
- Unit 2** Command and General Staff Functions in the AHIMT
- Unit 3** Effective Team Interaction and Decision-Making
- Unit 4** The Planning Process
- Unit 5** AHIMT On-Scene Operations
- Unit 6** Type 3 AHIMT Technical Assistance Program

### When

IMTC is able to be flexible to accommodate even the most difficult scheduling situations because our AHIMT 0-305 instructional staff is not only the most qualified, but is also the leading ICS teaching cadre in the nation.

### Where

IMTC's unparalleled logistics have supported hundreds of ICS courses throughout the country with all instructional materials delivered on time and ready for the course presentations. Our logistical and support services include real-time tracking, follow-up delivery and inventory confirmation, and back-up procedures to ensure on-time delivery of the correct course materials to the proper location.

### Why IMTC

IMTC's All-Hazards Incident Management Team training course builds effective teams and IMTC's instructional cadre is literally the standard by which all other instructors are measured.

### AHIMT Course Curricula

IMTC continually supplements its AHIMT Course with the most current FEMA and DHS guidelines and field information so teams benefit from the latest changes, lessons-learned, and the most recent national developments.
